

Harmony Heritage Area 2 Report  
Submitted by Gayle Jordan, President

Harmony Heritage has had a great year. We have been working very hard on our sound and all those things that go into it.

We have been learning a lot of new music to update our rep.

We have had some members getting some new body parts in exchange for some old ones. Our music team has been working hard on getting ourselves some long range planning in place. Selecting some contest numbers to add to our rep.

We have been working hard on getting our choreo plans to our new numbers.

We held a membership night during Harmony week. We had one person attend. Not very encouraging but we will continue to do our best to attract new members.

We have had our website, [www.harmonyheritage.org](http://www.harmonyheritage.org) updated. It is so new a refreshing to see. Check it out.

We are currently working on putting our show in place for May 11, 2013. A Song for All Seasons. We are featuring our Queens Ringtones. Stay tuned for more information.

We are getting ready for AC&C and can't wait to see everyone again.

That's all for now!
